Dear Vendors,

The Fallfest committee is looking forward to a fantastic Fallfest 2017. With a lot of refreshing changes made last year, a lot of new ideas have emerged with the relocation of vendors to inside City Park, while carnival rides and games will remain on the Longwell Lot. Again this year, there will be the expansion of quality artists, with jurying emphasis on product, themed set-up and display, originality, uniqueness, along with a limitation to category (ie. jewelry, florals, etc.) to balance out this event. Fallfest 2017 will be choosing outstanding food vendors, with an array of delectables. There will be themed events within City Park each day of Fallfest to enhance the feel of the season and to elevate the experience for the public. We are developing new ideas with excellent marketing strategies and advertising. We hope you will consider this opportunity to be part of a fantastic show.
